LOCAL ATTRACTIONS

California's 1000-mile Delta consists of four delta regions—the Northern, Central, Western and Southern Deltas. The Lighthouse Resort and Marina has 20 acres in the middle of Brannan Island in the Central Delta, between the Mokelumne and San Joaquin Rivers. From here, members can take advantage of the unique recreational experience offered by the Delta—swimming, fishing (the Delta has some of the world's best Bass fishing), water-skiing, jet-skiing, house-boating, watching wildlife, and sampling local wines on a tour of local wineries.
